2024 AUTHORITY BUDGET MESSAGE & ANALYSIS

ATLANTIC CITY MUNICIPAL UTILITIES AUTHORITY

FISCAL YEAR: January 01, 2024 to December 31, 2024

Answer all questions below using the space provided. Do not attach answers as a separate document.

1. Complete a brief statement on the Fiscal Year 2024 proposed Annual Budget and make comparison to the Fiscal Year 2023 adopted budget for each Revenues and Appropriations. Explain any variances over +/-10% (as shown on budget pages F-2 and F-4) for each individual revenue and appropriation line item. Explanations of variances should include a description of the reason for the increase or decrease in the budgeted line item, not just an indication of the amount and percent of change. Upload any supporting documentation that will help explain the reason for the increase or decrease in the budgeted line item.

The 2024 Proposed Budget is fully funded, providing for all of the Atlantic City Municipal Authority's (Authority) major programs continuations.

Revenue Schedule (F-2)

The Authority is expecting a decrease in Miscellaneous Fees by 58% as the Authority is no longer participating in the voluntary Demand Response Program for reducing electricity use/load. Interest Earned is estimated to increase by 70,000 as the higher investment interest rate is expected to stay similar to 2023.

Appropriations Schedule (F-4)

Salaries and Wages for Administration and the Cost of Providing Services are expected to increase by 11.9% and 10.4%, respectively, due to salary adjustments for high inflation and employee promotions. Professional Services for Administration will be 11.8% higher as the additional services, including single audit, compensation study, and water rates study, are expected to occur in 2024. Outside/Professional services for the Cost of Providing Services are slated to increase by 38.2% due to higher anticipated costs in services such as engineering, water, and treatment operator licenses. The Authority will utilize outside engineering service until the in-house engineer of record position is filled. The Authority continues to utilize water and treatment operator license services until the operators' positions are filled. Total Interest Payments on Debt is slated to decrease by 18.4% resulting from lower interest amount owed compared to 2023. Renewal and Replacement Reserve is expected to decrease by 16.6%, resulting from overall higher operating expenses.

2. Describe the state of the local/regional economy and how it may impact the proposed Annual Budget, including the planned Capital Program.

Atlantic City's and surrounding counties' economic outlook continues to improve post-pandemic. Stockton University opened its second dorm and the hospital opened its new 38.3 million Medical Arts Pavillion. Five neighborhood development corporations are in various stages of developing and implementing reinvestment plans, promoting and funding housing ownership as a core objective. The municipality has made a strong concerted effort to demolish/auction abandoned properties, and developers are beginning to formulate multi-residential mixed-use projects. In 2023, the Authority's credit rating with Standard and Poors was upgraded to BB- and with Moody's to Baa3 with a positive outlook. Any additional revenue generated from new developments will be utilized to fund the capital projects.

3. Describe the reasons for utilizing Unrestricted Net Position in the proposed Annual Budget (i.e. rate stabilization, debt service reduction, to balance the budget, etc.) If the Authority's budget anticipated a use of Unrestricted Net Position, this question must be answered.

The Authority utilizes its unrestricted net position to provide funding of the maximum allowable municipal appropriation and to fund the the Authority's capital projects.

ATLANTIC CITY MUNICIPAL UTILITIES AUTHORITY

FISCAL YEAR: January 01, 2024 to December 31, 2024

Answer all questions below using the space provided. Do not attach answers as a separate document.

4. Identify any sources of funds transferred to the County/Municipality as a budget subsidy or shared service payments, **pilot** payments, or other types of contracts or agreements. (Example - To provide police services to the Authority, etc. and explain the reason for the transfer (i.e. to balance the County/Municipal Budget, etc.)

An estimated Municipal Appropriation of \$862,473 is included in the 2024 Budget. The appropriation will be funded through the budget with the use of Unrestricted Net Position.

5. The proposed budget must not reflect an anticipated deficit from 2023 operations. If there exists an accumulated deficit from prior year's budgets (and funding is included in the proposed budget as a result of a prior year deficit) explain the funding plan to eliminate said deficit (N.J.S.A. 40A:5A-12). If the Authority has a net deficit reported in its most recent audit, it must provide a deficit reduction plan in response to this question.

The 2024 Proposed Budget does not reflect an anticipated deficit from 2024 operations. A deficit of \$7,047,996 in unrestricted net position is reported in the 2022 audit. The deficit is not a true cash deficit and resulted from the recording of Pension liabilities as required by GASB 68 (Net Pension Liability) and GASB 75 (Post-employment benefits other than pensions). The Authority will continue to pay its annual contribution per the annual PERs employers pension liability invoice and its health premium invoiced monthly to the Division of Pension and Health Benefits. There is no current funding plan to eliminate this noncash deficit caused by GASB 68 and GASB 75 reporting as the Authority needs to invest any additional revenues in its much-needed capital improvements to meet the federal and state regulations. The Authority's pension and OPEB liabilities presented by the State of New Jersey Pensions and Benefits reports have slightly increased (Pension) but overall have decreased in prior years, and hope it will continue to decrease in coming years. The Authority anticipated an estimated income of approximately \$5,900,000, which may help to reduce some of the deficit in the future.

(Prepare a response to deficits in most recent audit report pertaining to Deficits to Unrestricted Net Position caused by recording Pension and Post-Employment Benefits liabilities as required by GASB 68 and GASB 75) and similar types of deficits in the audit report. How would these deficits be funded?

FISCAL YEAR: January 01, 2024 to December 31, 2024

Answer the question below using the space provided.

6. Attach in FAST a schedule of the Authority's existing rate structure (connection fees, parking fees, service charges, etc.) **if it has been changed since the prior year budget submission** and a schedule of the proposed rate structure for the upcoming fiscal year. Explain any proposed changes in the rate structure and attach the resolution approving the change in rate structure, **if applicable**. (If no changes to fees or rates, indicate answer as "**Rates Are Staying The Same**".

The 2024 rate increase was structured to ensure that the projected revenues would be sufficient to cover the year's anticipated appropriations. The Authority proposes an approximate 2% increase in its flat rate and a 2% in excess rate for all customers. The residential flat rate will increase from \$70.75 a quarter to \$72.25 a quarter. Residential customers that exceed the quarterly allowed allotment of 2500 cubic feet will be charged an excess rate of \$3.992 per 100 cubic feet. The Authority will generate additional revenue of approximately \$606,000 from the rate increase in 2024. The rate increase is needed to fund its future capital projects to upgrade its aging infrastructure, and most notably, to comply with the State PFAS regulation and Water Quality Accountability Act. The Authority is seeking qualified consultants for a comprehensive water rate study, which is expected to be completed in 2024.

The 2023 rates have not been changed since the prior year's budget submission.

See the attached rate schedule. The resolution approving the change in the rate structure will be available at the December board meeting (12/20/23).

See attached for the connection fee rate. The connection fee rate will remain the same \$24.9408 per GPD. Any revenue generated from the connections fees will be utilized for capital projects.

2024 CAPITAL BUDGET/PROGRAM MESSAGE

ATLANTIC CITY MUNICIPAL UTILITIES AUTHORITY

Fiscal Year: January 01, 2024 to December 31, 2024

Answer all questions below using the space provided.

1. Has each municipality or county affected by the actions of the authority participated in the development of the capital plan and reviewed or approved the plans or projects included within the Capital Budget/Program (this may include the governing body or certain officials, such as planning boards, Construction Code Officials) as to these projects?

No

2. Has each capital project/project financing been developed from a specific capital improvement plan or report; does it include lifecycle costs; and is it consistent with the appropriate elements of Master Plans or other plans in the jurisdiction(s) served by the authority?

Yes

Yes

Yes

3. Has a long-term (5 years or more) infrastructure needs and other capital items (Vehicles, Equipment) needs assessment been prepared?

Yes

4. If amounts are on Page CB-3 in the column Debt Authorizations, indicate the primary source of funding the debt service for the Debt Authorizations (example - rate increase).

The primary source of funding the debt service for the Debt Authorizations will be future rate increases and possible monetary compensation from the federal lawsuit against entities responsible for the PFAS contamination. In addition, the Authority is seeking financial assistance (grants or low-interest loans) from State and Federal agencies for its major capital improvements, such as rehabilitating the existing Pleasantville Water Treatment Plant and Lead Replacement project.

5. Please indicate which capital projects/project financings are being undertaken in the Metropolitan or Suburban Planning Areas as defined in the State Development and Redevelopment Plan.

Unknown

6. Please indicate which capital projects/project financings are being undertaken within the boundary of a State Planning Commission-designated Center and/or Endorsed Plan and if the project was included in the Plan Implementation Agenda for that Center/Endorsed Plan.

Unknown
