**2025 AUTHORITY BUDGET
NARRATIVE AND INFORMATION SECTION**

2025 AUTHORITY BUDGET MESSAGE & ANALYSIS

Atlantic City Municipal Utilities Authority

FISCAL YEAR: January 01, 2025 to December 31, 2025

Answer all questions below using the space provided. Do not attach answers as a separate document.

1. Complete a brief statement on the Fiscal Year 2025 proposed Annual Budget and make comparison to the Fiscal Year 2024 adopted budget for each Revenues and Appropriations. Explain any variances over +/-10% (as shown on budget pages F-2 and F-4) for each individual revenue and appropriation line item. Explanations of variances should include a description of the reason for the increase or decrease in the budgeted line item, not just an indication of the amount and percent of change. Upload any supporting documentation that will help explain the reason for the increase or decrease in the budgeted line item.

The 2025 Proposed Budget is fully funded, providing the continuation of all the Atlantic City Municipal Authority's (The Authority) major programs.

Revenue Schedule (F-2)

Service Charges from Residential Customers are expected to increase by 10.2%. Service Charges from Business/Commercial and Intergovernmental Customers are expected to increase by 12.9% and 12.2% respectively. These increase will result from the annual increase rate of 12% in the flat rate and excess rate in 2025. Other Non-Operating Revenue from Cell Tower Lease is a non-cash transaction, and thus excluded from the budget.

Appropriations Schedule (F-4)

Total Net Operating Appropriations are slated to increase by 8.7% from the overall higher expenses. Repairs and Maintenance-the cost of Providing Services and Administration are expected to be 23.7% and 48.7% higher respectively as the Authority will begin leasing more vehicles to build and manage a more efficient fleet. Miscellaneous Administration appropriation is anticipated to increase by 26% as a result of higher annual maintenance expenses for upgrading software systems, meter reading devices, and mapping systems. Salaries and Wages for the Cost of Providing Services are expected to increase by 10.7%, due to backfilling of vacant employee positions and cost-of-living adjustment. The rate changes will increase the Renewal and Replacement Reserve by 36.3% and provide the Authority with the funds needed for capital projects. The total interest Payment on Debt is slated to decrease by 22.4% resulting from the lower interest amount owed in 2025.

2. Describe the state of the local/regional economy and how it may impact the proposed Annual Budget, including the planned Capital Program.

Gaming revenues have increased in online gaming while casino floor gaming has been lagging over the past years. Consequently, this decline in hotel occupancy has impacted water demand for the Authority in 2023. The decline in water usage has been addressed in 2025 rates and the 2025 Budget as submitted is projected as a normal financial overview for operations and capital planning. The City of Atlantic City has made a strong concerted effort to demolish, or auction abandoned properties, and developers are beginning to formulate multi-residential mixed-use projects. Overall, data indicates that the housing market will continue to grow but at a slow pace. Any additional revenue from new constructions will be utilized to fund the capital projects.

3. Describe the reasons for utilizing Unrestricted Net Position in the proposed Annual Budget (i.e. rate stabilization, debt service reduction, to balance the budget, etc.) If the Authority's budget anticipated a use of Unrestricted Net Position, this question must be answered.

The Authority utilizes its unrestricted net position to provide funding of the maximum allowable municipal appropriation and to fund the Authority's capital projects.

FISCAL YEAR: January 01, 2025 to December 31, 2025

Answer all questions below using the space provided. Do not attach answers as a separate document.

4. Identify any sources of funds transferred to the County/Municipality as a budget subsidy or shared service payments, **pilot** payments, or other types of contracts or agreements. (Example - To provide police services to the Authority, etc. and explain the reason for the transfer (i.e. to balance the County/Municipal Budget, etc.)

An estimated Municipal Appropriation (5% of Total Operating Appropriation) is included in the 2025 Budget. The appropriation will be funded through the budget with the use of Unrestricted Net Position.

5. The proposed budget must not reflect an anticipated deficit from 2024 operations. If there exists an accumulated deficit from prior year's budgets (and funding is included in the proposed budget as a result of a prior year deficit) explain the funding plan to eliminate said deficit (N.J.S.A. 40A:5A-12). If the Authority has a net deficit reported in its most recent audit, it must provide a deficit reduction plan in response to this question.

2025 Proposed Budget does not reflect an anticipated deficit from 2024 Operation.

(Prepare a response to deficits in most recent audit report pertaining to Deficits to Unrestricted Net Position caused by recording Pension and Post-Employment Benefits liabilities as required by GASB 68 and GASB 75) and similar types of deficits in the audit report. How would these deficits be funded?

2025 AUTHORITY BUDGET MESSAGE & ANALYSIS

Atlantic City Municipal Utilities Authority

FISCAL YEAR: January 01, 2025 to December 31, 2025

Answer the question below using the space provided.

6. Attach in FAST a schedule of the Authority's existing rate structure (connection fees, parking fees, service charges, etc.) if it has been changed since the prior year budget submission and a schedule of the proposed rate structure for the upcoming fiscal year. Explain any proposed changes in the rate structure and attach the resolution approving the change in rate structure, if applicable. (If no changes to fees or rates, indicate answer as "Rates Are Staying The Same").

The 2025 rate increase was structured to ensure that the projected revenues would be sufficient to cover the year's anticipated appropriations. The Authority proposes a 12% increase in its flat rate and excess rate for all customers. The residential flat rate will increase from \$72.25 a quarter to \$80.75 a quarter, an increase of \$8.50 per quarter. Residential customers that exceed the quarterly allowed allotment of 2500 cubic feet will be charged at an excess rate of \$4.471 per 100 cubic feet. The Authority will generate additional revenue of approximately \$1,632,600 from the rate increase in 2025. The rate increase is needed to fund the Authority's capital projects to upgrade its aging infrastructure and to comply with the Federal and State PFAS regulations and the Water Quality Accountability Act. The Authority is finalizing the comprehensive water rate study and considered its recommended rate increase in the 2025 budget.

The 2024 rates have not been changed since the prior year's budget submission.

See the attached rate schedule. The resolution approving the change in the rate structure will be available at the December board meeting (12/18/2024).

See attached for the connection fee rate. The connection fee rate will remain the same at \$24.9408 per GPD. Any revenue generated from the connections fees will be utilized for the capital projects.

Officer: A person elected or appointed to manage the authority's daily operations at any time during the year, such as the chairperson, vice-chairperson, secretary, or treasurer. For the purposes of this schedule, treat the authority's top management official and top financial officer as officers, if applicable. A member of the governing body may be both a commissioner and an officer for the purposes of this schedule.

Key Employee: An employee or independent contractor of the authority (other than a commissioner or officer) who meets

- a) The individual received reportable compensation from the authority and other public entities in excess of \$150,000 for the most recent fiscal year completed; and
- b) The individual has responsibilities or influence over the authority as a whole or has power to control or determine 10% or more of the authority's capital expenditures or operating budget.

Highest Compensated Employee: One of the five highest compensated employees or independent contractors of the authority other than current commissioners, officers, or key employees whose aggregate reportable compensation from the authority and other public entities is greater than \$100,000 for the most recent fiscal year completed.

Compensation: All forms of cash and non-cash payments or benefits provided in exchange for services, including salaries and wages, bonuses, severance payments, deferred payments, retirement benefits, fringe benefits, and other financial arrangements or transactions such as personal vehicles, meals, housing, personal, and family education benefits, below-market loans, payment of personal or family travel, entertainment, and personal use of the Authority's property. Compensation includes payments and other benefits provided to both employees and independent contractors in exchange for services.

Reportable Compensation (Use the most recent W-2 available): The aggregate compensation that is reported (or required to be reported) on Form W-2, box 1 or 5, whichever amount is greater, and/or Form 1099-MISC, box 7, for the most recent calendar year ended 60 days before the start of the proposed budget year.

2025 CAPITAL BUDGET/PROGRAM MESSAGE

Atlantic City Municipal Utilities Authority

Fiscal Year: January 01, 2025 to December 31, 2025

Answer all questions below using the space provided.

1. Has each municipality or county affected by the actions of the authority participated in the development of the capital plan and reviewed or approved the plans or projects included within the Capital Budget/Program (this may include the governing body or certain officials, such as planning boards, Construction Code Officials) as to these projects?

No

2. Has each capital project/project financing been developed from a specific capital improvement plan or report; does it include lifecycle costs; and is it consistent with the appropriate elements of Master Plans or other plans in the jurisdiction(s) served by the authority?

Yes

Yes

Yes

3. Has a long-term (5 years or more) infrastructure needs and other capital items (Vehicles, Equipment) needs assessment been prepared?

Yes

4. If amounts are on Page CB-3 in the column Debt Authorizations, indicate the primary source of funding the debt service for the Debt Authorizations (example - rate increase).

The primary source of funding the debt service for the Debt Authorizations will be future rate increases as the rate study recommends. The Authority is aggressively seeking financial assistance in the form of grants and low-interest loans with principal forgiveness from State and Federal agencies and the New Jersey Infrastructure Bank to fund its significant major capital improvements, such as rehabilitating the existing Pleasantville Water Treatment Plant and Lead Pipe Removal project.

5. Please indicate which capital projects/project financings are being undertaken in the Metropolitan or Suburban Planning Areas as defined in the State Development and Redevelopment Plan.

Unknown

6. Please indicate which capital projects/project financings are being undertaken within the boundary of a State Planning Commission-designated Center and/or Endorsed Plan and if the project was included in the Plan Implementation Agenda for that Center/Endorsed Plan.

Unknown
